

Training Report Workshop on setting up Odisha State Population-based Cancer Registry

27th January 2026 to 4th February 2026

A project of
Department of Health and Family Welfare, Government of Odisha, India
Technical Support by
Centre for Cancer Epidemiology, ACTREC, Tata Memorial Centre, Mumbai
National Institute for Science, Education, and Research, Jatni, Odisha

Stakeholders

Department of Health and Family Welfare, Government of Odisha

Name	Designation
Smt Aswathy S.	Commissioner cum Secretary
Dr Nilakantha Mishra	Director of Public Health, Odisha
Dr Susanta Kumar Swain	Additional Director NCD cum State Nodal Officer, Cancer Care
Dr Roma Rattan	Additional DMET
Chief District Medical Officers (CDMOs) of all districts	

Tata Memorial Centre (TMC), Mumbai

Name	Designation
Dr Sudeep Gupta	Director, TMC
Dr Pankaj Chaturvedi	Director, ACTREC, TMC
Dr Rajesh Dikshit	Director, CCE, TMC
Dr Gauravi Mishra	Deputy Director, CCE, TMC
Dr Atul Budukh	Professor, Epidemiology
Dr Lingaraj Nayak	Professor, Medical Oncology

National Institute of Science Education and Research (NISER), Jatni, Odisha

Name	Designation
Prof. Hirendra Nath Ghosh	Director, NISER
Prof. A. Srinivasan	Dean, Faculty Affairs
Prof. Bedangadas Mohanty	Head, Centre for Medical & Radiation Physics
Mr Abhaya Kumar Mohanty	Administrative Officer-II
Mr. Prasanna Kumar Muduli	Scientific Officer
Dr. Bandita Dash	Scientific Officer (Medical)
Dr. Biswajit Mishra	Scientific Officer (Medical)

Team from Centre for Cancer Epidemiology (CCE), TMC, Mumbai

Name	Designation
Dr Suvarna Gore	Scientific Officer
Ms Sushama Saoba	Scientific Assistant
Mrs Deepali Lokhande	Scientific Assistant
Ms Sonali Bagal	Research Co-ordinator
Mr Pratik Sawant	Programmer
Ms Samyukta Shivshankar	Project Manager

Team of Population-based Cancer Registry, Khordha District, Odisha, India

Name	Designation
Mr. Gyana Ranjan Sarangi	Research Assistant
Ms. Suprabha Sahu	Research Assistant
Ms. Shubhalaxmi Baliarsingh	Research Assistant
Mr. Jajati Keshari Jena	Research Assistant
Ms. Adyasha Priyadarshanee	Research Assistant
Mr. Binayak Behera	Research Assistant
Mr. Jitendra Kumar Mohanty	Research Assistant

Team of Early Detection Programme, Khordha District, Odisha, India

Name	Designation
Dr Swapna Sarit	Senior Research Fellow (Medical)
Dr Saswati Priyadarshini	Medical Officer
Ms Pranita Patsani	Research Assistant
Ms Papali Patra	Nurse
Ms Laxmipriya Dash	Nurse
Mr Saumyaranjan Ray	Laboratory Technician
Mr Tapan Kumar Mahapatra	Helper
Mr B. Prasad	Driver

Team of Early Detection Programme, Mayurbhanj District, Odisha, India

Name	Designation
Dr Itishree Swain	Medical Officer
Ms Bandita Sahoo	Nurse
Ms Indurekha Nayak	Health Worker
Mrs Asima Mohanty	Health Worker
Mr Hemanta Mohanta	Driver

Team of Population-based Cancer Registry, Mayurbhanj District, Odisha, India

Name	Designation
Mr Rajesh Kumar Das	Research Assistant
Ms Sikha Behera	Research Assistant
Ms Jolly Nanda	Research Assistant

Correspondence details:**Dr Atul Budukh,**

Professor and Officer in Charge,
 Medical Records and Cancer Registries,
 Centre for Cancer Epidemiology, ACTREC, TMC, Mumbai.

Executive Summary

- The Odisha State Population Based Cancer Registry (OSPBCR) is an initiative of the Department of Health and Family Welfare, State Government of Odisha, India, that aims to systematically document the cancer burden of the whole state i.e., a population of 45 million people.
- With technical support from Tata Memorial Centre, Mumbai and National Institute for Science Education and Research, Jatni, Odisha, the OSPBCR shall be implemented 2026 onwards.
- Training workshop was conducted for officials from major cancer treatment facilities and tertiary centres in Bhubaneswar and Cuttack from 27th January 2026 to 3rd February 2026. This training was also attended by the newly recruited OSPBCR staff, including 1 state coordinator, 5 zonal coordinators, and one programmer.
- A total of **40 participants** attended this workshop.
- Participants were trained in core concepts of cancer registration, case abstraction procedures and ICD-O-3 coding, use of the “SETU” web-based data management tool for cancer registration, and follow-up techniques.
- Experts from the field of cancer management and care gave informative lectures to introduce participants to terminologies used during abstraction and what data should be abstracted.
- The Standard Operating Procedure of the PBCR was discussed in detail with the participants. The training also included practical demonstrations by the staff of Khordha PBCR.
- Pre- and Post-tests conducted indicated good understanding of registry-related concepts among the participants, and a readiness to participate in the registry’s activities.
- On the occasion of World Cancer Day 2026, the Department of Health and Family Welfare, Government of Odisha, held the launch of Odisha State Population Based Cancer Registry (OSPBCR) at the National Institute of Science Education and Research (NISER), Bhubaneswar
- The programme was inaugurated by Dr Nilakantha Mishra, Director of Public Health, Government of Odisha, and presided by Dr A Srinivasan, Dean of Faculty Affairs, NISER.

1. Background and Objectives

To systematically document the cancer burden of the whole state, the state Government of Odisha plans to a state-wide PBCR for Odisha state. As of now, Khordha and Mayurbhanj PBCRs cover about 11.4% of Odisha's population. The plan is to represent the cancer burden of all thirty districts of Odisha state, i.e. to cover a population of about 45 million. This step is imperative for improving cancer control and encouraging cancer research in Odisha, and by extension, in India.

The Odisha State Population Based Cancer Registry (OSPBCR) shall be established and funded by the Department of Health and Family Welfare, State Government of Odisha, India, with technical support from Tata Memorial Centre, Mumbai and National Institute for Science Education and Research, Jatni, Odisha.

The objectives of the OSPBCR are:

- To develop cancer registration activities across all thirty districts of Odisha state.
- To systematically collect, store, analyse, interpret, and present cancer incidence and mortality in Odisha state.
- To provide accurate figures on cancer incidence and mortality for cancer control programme and health policy planning.
- To encourage cancer research in Odisha state, using cancer registry data on cancer burden.

The role of Centre for Cancer Epidemiology (CCE), ACTREC, Tata Memorial Centre, Mumbai, for this initiative includes training in cancer registration, provision of a standardized web-based data management tool, and continuous technical assistance to ensure smooth functioning of the Odisha State Population-Based Cancer Registry.

As per the meeting held on 9th December 2025 with officials from the OSPBCR, TMC, and NISER, it was decided to organize structured training workshops in batches on establishing a population-based cancer registry. Workshop for District Hospital officials from all 30 districts of Odisha State to build capacity in population-based cancer registration at the district level were conducted in two batches, from 7th to 9th January 2026 and 12th to 14th January 2026. Following this, a detailed training workshop was conducted from 27th January 2026 to 3rd February 2026 for officials of all major cancer centres in Bhubaneswar and Cuttack. The OSPBCR was officially launched on 4th February 2026 on the occasion of World Cancer Day 2026.

2. Training in cancer registration

The training workshop was organized to train personnel from major cancer centres in Bhubaneswar and Cuttack from **27th January 2026 to 3rd February 2026**. This workshop was also attended by the newly recruited staff of OSPBCR and 1-2 representatives of other centres under TMC.

A total of **40 participants** attended the training workshops. Table 1 lists the names of the institutions and number of participants for each workshop.

Table 1: Hospitals and other institutions from which participants attended workshop

Sr. No.	Hospital/Institution	Number of Participants
<i>Hospitals in Bhubaneswar</i>		
1	Capital Hospital	2
2	Bagchi Sri Shankara Cancer Centre and Research Institute	2
3	Utkal Hospital	2
4	IMS and SUM hospital	2
5	SUM Ultimate Medicare	2
6	Apollo Hospital	1
7	All India Institute of Medical Sciences (invited but not participated)	0
8	Prolife diagnostics (invited but not participated)	0
<i>Hospitals in Cuttack</i>		
9	Acharya Harihar Post Graduate Institute of Cancer (AHPGIC)	2
10	HCG Panda Cancer Hospital	2
11	Carcinova Cancer Hospital	2
<i>Odisha state</i>		
12	Odisha State PBCR	7
13	National Institute of Science Education and Research, Bhubaneswar	2
<i>Units of Tata Memorial Centre</i>		
14	Mayurbhanj PBCR	1
15	Khordha PBCR	2
16	Homi Bhabha Cancer Hospital, Sangrur	2
17	Mahamana Pandit Madanmohan Malviya Cancer Centre, Varanasi	2
18	Homi Bhabha Cancer Hospital and Research Centre, Muzaffarpur	2
19	Homi Bhabha Cancer Hospital and Research Centre, Visakhapatnam	2
20	Population-based cancer registry Ratnagiri district, Maharashtra	1
21	Population-based cancer registry Sindhudurg district, Maharashtra	1
22	Tata Memorial Centre, Mumbai	1

3. Training sessions

Faculty members from **Tata Memorial Centre and its units, All India Institute of Medical Sciences, Bhubaneswar and PBCR Khordha** were actively involved in delivering the training sessions. The workshops focused on the establishment and operationalization of a **Population-Based Cancer Registry (PBCR)**, with emphasis on both conceptual understanding and practical implementation. Participants were trained in the following areas:

- Core concepts of cancer registration
- Types of cancer registries and their differences
- Case abstraction procedures
- **ICD-O-3 coding**
- Use of the **“SETU” web-based data management tool** for cancer registration
- Management and functioning of a cancer registry office
- Standard Operating Procedure of PBCR
- Strategies to overcome challenges faced during data collection
- Quality Control of PBCR and use of IARC-CHECK software
- Rate calculation using PBCR data
- Methods for collecting cancer mortality (death record) information
- Verbal Autopsy Techniques
- Collection of cancer case information through **telephone-based follow-up**

Detailed training agenda is enclosed as annexure 1. **Pre- and post-tests** were conducted during the training. The results indicated a good understanding of registry-related concepts among the participants. Participants expressed confidence in establishing the registry and carrying out registry operations effectively at their respective districts. The training agenda is presented in Annexure I.

Course participants with faculty during Odisha State Population based Cancer Registry Training

4. Training Photographs

Informative lectures:

Course participants learning and discussing cancer registry concepts from CCE-TMC Experts

Practical exercise:

Course participants ardently involved in abstraction and coding exercises

Addressal: Dr Hirendra Nath Ghosh, Director NISER addressing the course participants

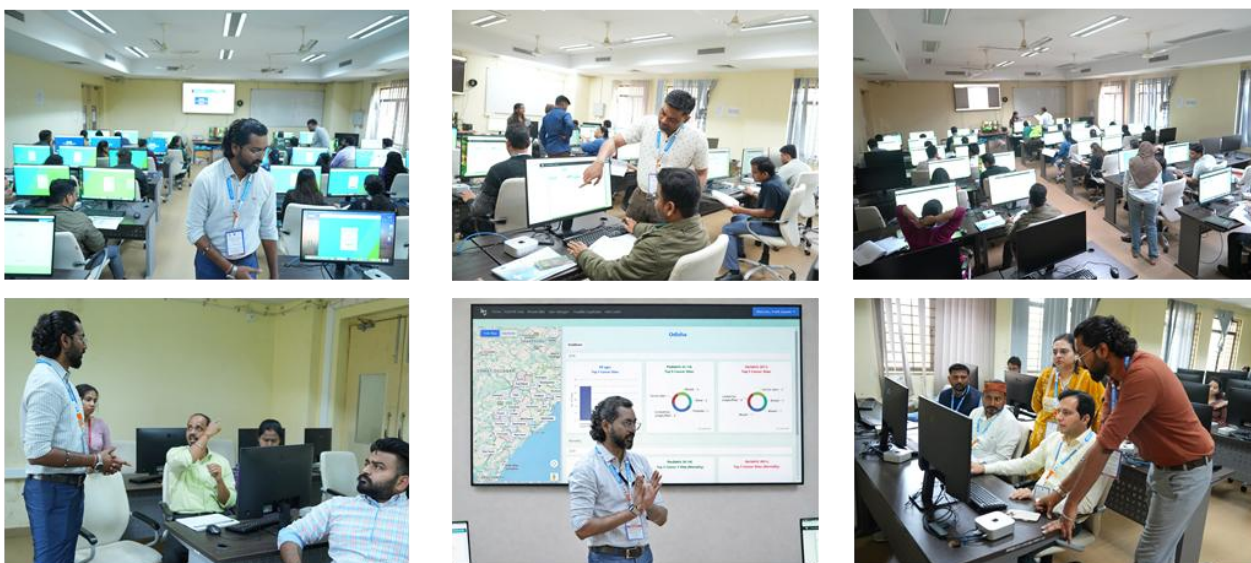

In conversation: Dr Bedangadas Mohanty, Dr Atul Budukh, and Mr Prasanna Muduli discussing the progress of the course

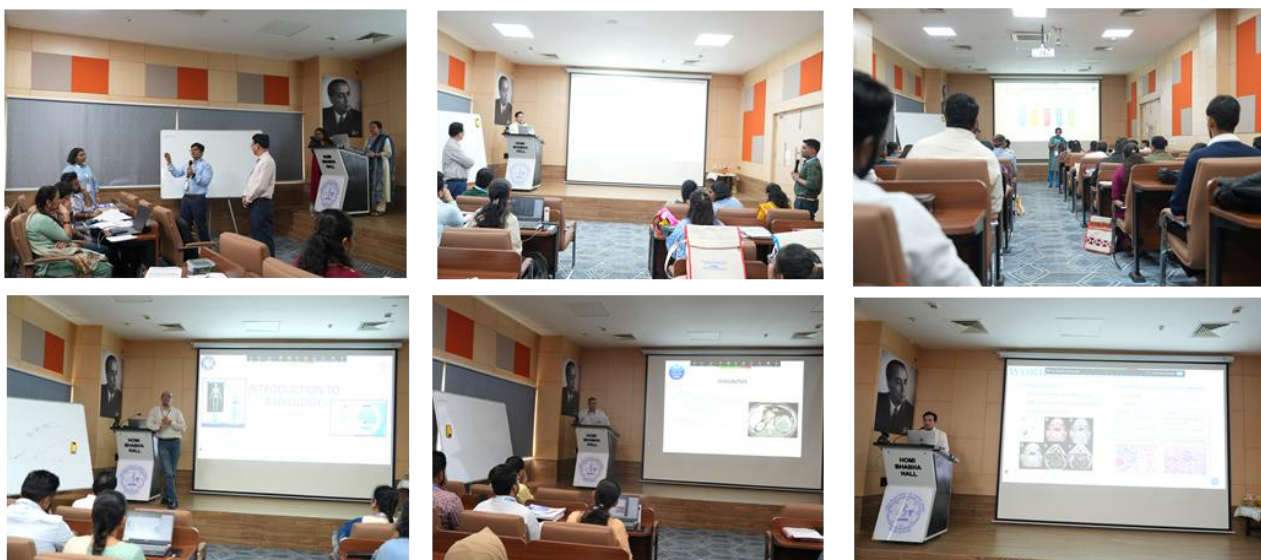

Behind the Scenes: Preparation for upcoming lectures

Introduction to 'Setu' database management software developed for Odisha State Population Based Cancer Registry

Featured: Specialised lectures delivered by clinicians to improve clinical concepts of registry staff

From theory to practice: Experiences from real PBCRs shared with participants

5. Launch of Odisha State Population-based Cancer Registry

On the occasion of World Cancer Day 2026, the Department of Health and Family Welfare, Government of Odisha, held the launch of Odisha State Population Based Cancer Registry (OSPBCR) at the National Institute of Science Education and Research (NISER), Bhubaneswar on 4th February 2026. The programme was inaugurated by Dr Nilakantha Mishra, Director of Public Health, Government of Odisha, and presided by Dr A Srinivasan, Dean of Faculty Affairs, NISER. The agenda of the said programme is presented in Annexure II.

The OSPBCR initiative aims to investigate the burden of cancer in thirty districts of Odisha, across urban, rural, and tribal regions. The data shall be used to plan cancer control activities across the state. The Department of Health and Welfare is taking strong steps to prevent and control the burden of cancer in Odisha state. In the past month, TMC and NISER have trained more than 150 staff from district hospitals across state and government and private hospitals and tertiary centres in Bhubaneswar and Cuttack, for the purpose of OSPBCR. Additionally, a special software has been developed for the management of data collected by the OSPBCR. The Standard Operating Procedure of the registry and the software manual were released by the hands of Dr Nilakantha Mishra during the launch. He acknowledged the support provided by Tata Memorial Centre (TMC), Mumbai and NISER, Bhubaneswar in the development and implementation of this programme. Dr Atul Budukh, Professor, TMC and Dr Lingaraj Nayak, Professor and Officer in Charge of the upcoming TMC Jatni unit, presented the activities that have been conducted by TMC and NISER in the past three years.

Congratulatory messages were received from Dr Bishnu Giri of World Health Organisation South East Asia Regional Office New Delhi India and Mr Les Mery of the International Agency for Research on Cancer, Lyon, France. The programme was hosted by Dr Shubham Samantaray, state coordinator of OSPBCR. The programme concluded on the note that continuous activities for cancer control will be conducted in Odisha under this initiative, with the vote of thanks delivered by Mr Abhaya Mohanty, Administrative Officer, NISER.

In frame (from left to right), **Dr Lingaraj Nayak**, Medical Oncologist and Officer-in-Charge of the upcoming TMC unit at Jatni, **Dr Atul Budukh**, Professor, Centre for Cancer Epidemiology-TMC, **Dr Nilakantha Mishra**, Director of Public Health, Government of Odisha, **Dr A Srinivasan**, Professor and Dean of Faculty Affairs, NISER, and **Dr Bedangadas Mohanty**, Professor and Head of Centre for Medical & Radiation Physics.

Annexure I: Cancer Registry Training Agenda

Day 1 – 27.01.2026 (Tuesday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Registration	
09.45 am – 10.00 am	Welcome	
10.00 am – 11.00 am	Role of Cancer Registry in cancer control & Types of cancer registry	Dr. Atul Budukh
11.00 am – 11.15 am	Tea/Coffee break	
11.15 am – 12.00 pm	Data items to be collected for population-based cancer registry (PBCR) Odisha state, India	Dr. Atul Budukh
12.00 pm – 01.00 pm	ICD-O3 Coding	Dr. Atul Budukh Mrs. Deepali Lokhande
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 03.00 pm	Five major types of cancer	Ms. Sushama Saoba
03.00 pm – 03.45 pm	How to do case abstraction	Mrs. Deepali Lokhande
03.45 pm – 04.00 pm	Tea/Coffee break	
04.00 pm – 05.15 pm	Practical exercise: ICD-O3 coding	Mrs. Sonali Bagal
Day 2 – 28.01.2026 (Wednesday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 1	Dr. Atul Budukh
09.45 am – 10.30 am	Practical exercise: Cancer case abstraction	Ms. Sushama Saoba
10.30 am – 10.45 am	Tea/Coffee break	
10.45 am – 11.45 am	Introduction of Odisha state PBCR web-based software (SETU application)	Mr. Pratik Sawant
11.45 am – 01.00 pm	SETU application: Odisha state PBCR data entry	Mr. Pratik Sawant
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 03.00 pm	Role of pathologist in cancer registration	Dr. Mukund Sabale
03.00 pm – 04.00 pm	Practical exercise: Gynecological cancer case abstraction	Mrs. Deepali Lokhande
04.00 pm – 04.15 pm	Tea/Coffee break	
04.15 pm – 05.15 pm	Practical exercise: ICD-O3 coding	Mrs. Sonali Bagal
Day 3 – 29.01.2026 (Thursday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 2	Dr. Atul Budukh
09.45 am – 10.45 am	Head & Neck cancer diagnosis and treatment	Dr. Rohit Vadgaonkar
10.45 am – 11.00 am	Tea/Coffee break	
11.00 am – 12.00 pm	Practical exercise: Head & Neck cancer case abstraction	Mrs. Deepali Lokhande
12.00 pm – 01.00 pm	SETU application: Data entry	Mr. Pratik Sawant
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 03.00 pm	Clinical and pathological staging	Dr. Rohit Vadgaonkar
03.00 pm – 04.00 pm	Practical exercise: Head & Neck cancer case abstraction	Mrs. Deepali Lokhande
04.00 pm – 04.15 pm	Tea/Coffee break	
04.15 pm – 05.15 pm	Practical exercise: Gastro-enterology cancer case abstraction	Ms. Sushama Saoba
Day 4 – 30.01.2026 (Friday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 3	Dr. Atul Budukh
09.45 am – 10.45 am	Pediatric cancer diagnosis and treatment	Dr. Jifmi Jose Manjali
10.45 am – 11.00 am	Tea/Coffee break	
11.00 am – 12.00 pm	Practical exercise: Pediatric cancer case abstraction	Dr. Jifmi Jose Manjali
12.00 pm – 01.00 pm	SETU application: Data entry	Mr. Pratik Sawant
01.00 pm – 02.00 pm	Lunch break	

02.00 pm – 03.00 pm	How to calculate CR, AAR, & TR	Dr. Atul Budukh
03.00 pm – 04.00 pm	Quality control of cancer registry data	Ms. Samyukta Shivshankar
04.00 pm – 04.15 pm	Tea/Coffee break	
04.15 pm – 05.15 pm	Cancer case confirmation using telephone contact	Dr. Saswati Mishra Mr. Gyana Ranjan Sarangi
Day 5 – 31.01.2026 (Saturday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 4	Dr. Atul Budukh
09.45 am – 10.45 am	How to use GLOBOCAN and CI5	
10.45 am – 11.00 am	Tea/Coffee break	
11.00 am – 11.45 am	Practical exercise: Calculation of CR, AAR, & TR	Mrs. Sonali Bagal
11.45 pm – 12.30 pm	Practical exercise: GLOBOCAN and CI5	Mrs. Sonali Bagal
12.30 pm – 01.00 pm	SETU application: Data entry	Mr. Pratik Sawant
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 03.00 pm	Role of Radiologist in cancer registry case abstraction of Gastro-intestinal Cancer, Brain Tumor, Lymphoma, and Metastatic cases	Dr. Nitin Shetty
03.00 pm – 04.00 pm	Hematological malignancy diagnosis and treatment	Dr. Mukund Sabale
04.00 pm – 04.15 pm	Tea/Coffee break	
04.15 pm – 5.15 pm	Practical exercise: Hematological malignant case abstraction	Dr. Mukund Sabale
Day 6 – 02.02.2026 (Monday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 5	Dr. Atul Budukh
09.45 am – 10.45 am	Genito-Urinary cancer diagnosis and treatment	Dr. Ankit Misra
10.45 am – 11.00 am	Tea/Coffee break	
11.00 am – 12.00 pm	Practical exercise: Genito-Urinary (GU) cancer case abstraction	Dr. Ankit Misra
12.00 pm – 01.00 pm	Practical exercise: Breast, lung, and primary unknown cancer case abstraction	Dr. Dolorosa Fernandes
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 03.00 pm	Duplicate record checking	Mr. Pratik Sawant
03.00 pm – 04.00 pm	How to run a population-based cancer registry in district hospital	Dr. Shyama Mitra
04.00 pm – 04.15 pm	Tea/Coffee break	
04.00 pm to 05.15 pm	IARC-CHECK programme	Ms. Sushama Saoba
Day 7 – 03.02.2026 (Tuesday)		
Time	Topic	Speaker
09.30 am – 09.45 am	Recap Day 6	Dr. Atul Budukh
09.45 am – 10.45 am	Role of Medical Oncologist in cancer registration	Dr. Lingaraj Nayak
10.45 am – 11.00 am	Tea/Coffee break	
11.00 am – 12.00 pm	SETU application: Data entry	Mr. Pratik Sawant
12.00 pm – 01.00 pm	Practical exercise: Preparation of standard registry tables & Graphical presentation	Mrs. Sonali Bagal Mr. Pratik Sawant
01.00 pm – 02.00 pm	Lunch break	
02.00 pm – 02.30 pm	Practical exercise: Liver cancer case abstraction	Mrs. Deepali Lokhande
02.30 pm to 03.00 pm	Practical exercise: Brain tumor case abstraction	Mrs. Deepali Lokhande
03.00 pm – 04.00 pm	Practical exercise: Bone and connective-soft tissue cancer case abstraction	Dr. Dolorosa Fernandes Ms. Sushama Saoba
04.00 pm – 04.15 pm	Tea/Coffee break	
04.15 pm – 05.15 pm	How to prepare monthly report	Dr. Atul Budukh

Annexure II: Agenda of the Launch of Odisha State Population based Cancer Registry event

Launch of
ODISHA STATE POPULATION BASED CANCER REGISTRY

A project of
Department of Health and Family Welfare, Government of Odisha, India

Technical Support by
Centre for Cancer Epidemiology, ACTREC, Tata Memorial Centre, Mumbai
National Institute for Science, Education, and Research, Jatni, Odisha

Venue: Vikram Sarabhai Hall, NISER, Jatni **Date (time):** 4th February 2026 (10.30 am – 12.30 pm)

Agenda

Time	Programme	Speaker
09.30 am – 09.40 am	Welcome	Prof. A Srinivasan Acting Director, NISER
09.50 am – 10.15 am	Activities conducted by TMC, Mumbai and NISER, Bhubaneswar in Odisha state	Dr. Atul Budukh, Professor and Officer-In Charge, Medical Records and Cancer Registries, CCE-TMC
10.15 am – 10.30 am	Introduction and felicitation of dignitaries	Dr. Lingaraj Nayak, Professor & OIC, TMC Odisha Project
10.30 am – 10.45 am	Role of state government in strengthening cancer registration in Odisha State	Dr. Nilakantha Mishra, Director of Public Health, Odisha
10.45 am – 11.00 am	Improving cancer care services in Medical colleges	Prof. (Dr.) Roma Rattan Addl. Director, Medical Education & Training, Government of Odisha
11:00 am – 11:10 am	Launch of Odisha State Population Based Cancer Registry	Dr. Nilakantha Mishra, Prof. (Dr.) Roma Rattan Prof. A Srinivasan, Prof. Bedangadas Mohanty, Dr. Lingaraj Nayak, Dr. Atul Budukh
11:10 am – 11:30 pm	Felicitation of participants of training course	Dr. Nilakantha Mishra, Prof. A Srinivasan, Dr. Bedangdas Mohanty, Dr. Lingaraj Nayak
11.30 pm – 11:40 pm	Closing remarks and Vote of Thanks	Mr. Abhaya Kumar Mohanty Administrative Officer-I (Faculty Affairs Section), NISER
11.40 am onward	Lunch	

Compere: Dr. Shubham Samantaray (State Coordinator, Population based Cancer Registry Odisha State)

Population-Based Cancer Registry

Odisha State, India
