

Population Based Cancer Registry Odisha state, India

Report on Cancer Registry Training Program Nayagarh district, Odisha, India

Venue: District Training Unit, Nayagarh District, **Date:** 19th May 2026

A project of the

Department of Health and Family Welfare, Government of Odisha, India

Technical Support by

Centre for Cancer Epidemiology (CCE), ACTREC, Tata Memorial Centre (TMC), Mumbai

National Institute for Science, Education, and Research (NISER), Jatni, Odisha

Introduction

A Cancer Registry Training Programme was conducted at the District Training Unit, Nayagarh district, with the objective of strengthening cancer registry activities and improving the knowledge and skills of healthcare personnel involved in cancer data collection and reporting.

The training programme was led by staff members from Tata Memorial Centre with the support of the District Public Health Officer and Assistant Manager NCD. The programme focused on creating awareness regarding the importance of cancer registry, standardized data collection procedures, and quality reporting mechanisms.

At the beginning of the session, all participants were asked to complete a pre-test assessment to evaluate their baseline knowledge regarding cancer registry concepts, reporting procedures, and registry activities. The pre-test helped in assessing the existing understanding of participants and identifying areas requiring further emphasis during the training sessions.

Distribution of Training Materials and Pre-test Assessment

Welcome Address and Commencement of the Session

The Cancer Registry Training Programme commenced with the welcoming of dignitaries and district health authorities to the dais during the inaugural session. The programme marked the beginning of cancer registry activities in Nayagarh district and aimed to strengthen systematic cancer data collection and reporting within the district.

As a token of appreciation for initiating and supporting cancer registry activities, a trophy was presented to the Acting CDMO & DPHO for his leadership and encouragement towards the programme. Bouquets were also presented to the distinguished officials present during the event, including the DPHO, DPM, ADPHO Disease Control (DC), and the Day Care Chemotherapy Medical Officer, as a gesture of welcome and respect.

Token of Appreciation was presented as a trophy to the CDMO and DPHO of Nayagarh District

Prof. Dr. Atul Budukh (TMC) delivered the introductory session on Cancer Registry through virtual mode

Participants Enrolled in the Training Programme

Name	Institution / Hospital
SRIKANTA KUMAR PATI	CHC MAHIPUR
Riaz Ahamad Mallik	CHC BADAPANDUSAR
KHIROD Kumar sahu	CHC Gania
Suniti Nanda	CHC NUAGADIASAHI
Dillip Kumar Basantia	DPMU Nayagarh

Bibhuprasad Nayak	CHC Bhapur
Dr. ABHILASH SAHOO	CHC SARANKUL, NAYAGARH
Umasankar Mahapatra	CHC Sarankul

Training Delivered by Resource Person from Tata Memorial Centre

Demonstration of SETU Software

Question and Answer Session and Certificate Distribution

Following the hands-on training exercise, an interactive question-and-answer session was conducted to clarify participants' doubts regarding cancer registry activities, data collection procedures, reporting formats, and practical challenges faced during implementation. The

queries raised by the participants were addressed by the Medical Officer of the Day Care Chemotherapy Unit, who provided valuable guidance and practical insights related to cancer registration and patient data management.

The session encouraged active participation and helped improve the understanding of participants regarding the operational aspects of cancer registry activities.

THANK YOU
